Whether you're a contractor or a homeowner doing an outdoor project, having underground utilities marked is essential to protect yourself and others from injury and prevent damage to underground utility lines. Contact Dig Safely. New York at least 2 working days (not counting the day you call) but not more than 10 working days before you plan to start your project. Digging can be dangerous and costly if you don't have underground facilities marked before you start.

1. Plan for having underground utilities marked as part of all underground construction.

2. Mark out the area of construction.

3. Call Dig Safely. New York at 811 or 1-800-962-7962.

4. Provide adequate training and supervision on a jobsite to assure that good construction practices are followed.

5. Properly maintain all underground utility markings.

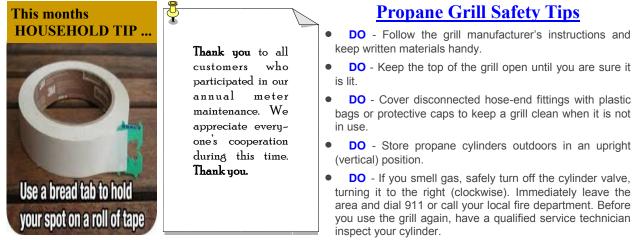

6. Hand dig in the area of underground facilities.

7. Provide adequate protection and support for underground facilities.

8. If our underground facilities are damaged or disturbed, notify Reserve Gas Company, Inc. at (716) 937-9484. We'll come right away to ensure the site is safe and make repairs if required.

9. Use and properly install suitable backfill material around underground facilities.

Whether you're a contractor excavating for a large project or a homeowner installing a mailbox, anyone who conducts earth moving activities should contact Dig Safely. New York before starting. It's free, it's easy and it's the law.

8 things you can do to protect your dog in the summer

- 1. Never, ever leave your dog in the car;
- 2. Make sure your dog has unlimited access to fresh water;
- 3. Make sure your dog has access to shade when outside;
- 4. Take walks during the cooler hours of the day;
- 5. When walking, try to stay off of hot surfaces (like asphalt) because it can burn your dog's paws;
- 6. If you think it's hot outside, it's even hotter for your pet make sure your pet has a means of cooling off;
- Keep your dog free of external parasites (fleas, ticks) & heartworms consult your veterinarian about the best product for your pet;
- Consider clipping or shaving dogs with long coats & apply sunscreen to your dog's skin if he/she has a thin coat.
