Dear Customers,

Re: Meter Maintenance Notification

At no cost to you, throughout the coming months, we will be scheduling meter maintenance on all meters that have been in service for a period of seven years. Our staff will review our meter tracking reports to determine what meters are scheduled for maintenance. If your meter is scheduled for maintenance our service professionals will visit your residence or place of business.

Upon arriving, they will knock, announce their presence and, on request, they will gladly show you the appropriate Reserve Gas Company, Inc., ID. At this time, if you are available, they will change out your meter or arrange a time that would be more convenient for you. If you are not at your residence or place of business when our service professionals arrive, a Meter Change Notice will be posted on your door giving you instructions. If you receive a Meter Change Notice, please contact our office as soon as possible during regular office hours to set-up an appointment. Meter change appointments are only scheduled Monday through Friday between the hours of 7:00 am - 3:00 pm. Sorry no evening or weekend appointments are available.

Please remember you will only be contacted if your meter needs to be changed. If you have additional questions, regarding our yearly meter maintenance, please contact our office at (716) 937-9484.

Sincerely,

Reserve Gas Company, Inc.

Friendly Reminder!

Daylight savings is
March 08, 2026 this year!
That means we are getting
closer to spring! Make sure
you "spring forward" your
clock!

ASK FOR IDENTIFICATION

For your safety, all Reserve Gas representatives carry a photo identification card. If the card is not clipped on their clothing for easy viewing, ask to see it. If the representative displays proper ID, please let him/her complete the job. If you are suspicious or have questions, contact us immediately at (716) 937-9484. If you feel there might be a problem, call your local police.

METER READING

To ensure accurate billing, we read meters every other month. Vehicles are properly identified with our company decal. It's important that we are able to access the meter at your residence for readings, inspections and maintenance. Please, whenever possible, keep a path to the meter clear of debris, bushes and snow. Also, please make sure that dogs are inside or tied up well away from the meter.

PIPELINE ACCESS AND SECURITY

Pipeline right-of-ways must be kept free from structures and other obstructions to provide access to the pipeline for maintenance and in the event of an emergency. If a pipeline crosses your property, please do not plant trees or high shrubs on the right-of-way. Do not dig, build, store or place anything on or near the right-of-ways without first having the pipeline marked and the right-of-ways staked. Additionally, if you witness suspicious activity on a pipeline right-of-way, please report it to the authorities, or call our emergency number.
